Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan. 2002 Addition

Stan Hendrickx

The present bibliographical list is a continuation of HENDRICKX, S., Analytical Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan. Egyptian Prehistory Monographs 1, Leuven, 1995. Previous additions have been published in Archéo-Nil 6 (1996): 85-121; 7 (1997): 151-168; 8 (1998): 129-147 and 9 (1999): 165-183; 10 (2000): 127-152. Similar to those additions, the present list is divided in two parts. The first consists of publications which appeared between 1996 and 2001, while the second part is made up by older publications which were previously unknown to me. The numbering is continued from the original volume and the previous additions. Encyclopaedic works and small notes relating to recent archaeological activities have been treated as separate entries which of course enlarges the corpus considerably, but proved to be useful with regard to the site register.

Off-prints, lists of publications or other bibliographical information were kindly put at our disposal by: B. Adams; A. Anselin; B.E. Barich; L. Bavay; M. Campagno; K.M. Cialowicz; E. Crubézy; C.M. del Rio Alvarez; P. de Miroschedji; C. Ede Ltd.; J. Eisenberg; E.-M. Engel; R.F. Friedman; D. Huyge; A. Jiménez-Serrano; J. Kahl; R. Kuper; L.M. Mallory-Greenough; B. Midant-Reynes; S.R. Rampersad; H. Riemer; S.P. Tutundzic; E.C.M. van den Brink; W. Van Neer; P. Van Peer; P.M. Vermeersch; R. Vernet; D. Wengrow.
Additions to this bibliography will continue to be published yearly in Archéo-Nil. Therefore, it would be most useful if scholars would send their publication lists, off-prints and additions or corrections to the author.
