

Bibliography of the prehistory and the early dynastic period of Egypt and Northern Sudan 1997 addition

Stan Hendrickx

The present bibliographical list is a continuation of Hendrickx, S., *Analytical Bibliography of the Prehistory and the Early Dynastic Period of Egypt and Northern Sudan*. Egyptian Prehistory Monographs 1. Leuven, 1995. A first addition was published in *Archéo-Nil* 6 (1996): 85-121. Similar to this addition, the list is divided in two parts. The first consists of publications which appeared between 1992 and 1996, while the second part is made up by older publications which were previously unknown to me. The numbering is continued from the original volume and last year's addition.

Encyclopedic works and small notes relating to recent archaeological activities have been treated as separate entries which of course enlarges the corpus considerably, but proved to be useful with regard to the site register. Off-prints, lists of publications or other bibliographical information were kindly put at our disposal by: B. Adams; L. Allard-Huard; B. Andelkovic; H.N. Barakat; J. Billen; K.M. Cialowicz; A.E. Close; J.C. Darnell; D. Darnell; G. Dreyer; C. Ede Ltd.; J.M. Eisenberg; E.M. Engel; I. Finkelstein; R.F. Friedman; G. Fuchs; U.W. Hallier; J. Hobbs; D. Huyge; F. Klees; R. Klemm; K.P. Kuhlmann; M. Litynska-Zajac; B. Midant-Reynes; G. Negro; J.C. Rose; K. Sadr; S.A.M. Swain; U. Thanheiser; S.P. Tutundzic; P. Van Peer; P.M. Vermeersch; K. Wasylikowa; D.A. Welsby; T.A.H. Wilkinson; Y. Yekutieli.

Additional lists will be published yearly in *Archéo-Nil*. Therefore, it would be most useful if scholars would send their publication lists, off-prints and additions to

the present list or the original volume to the author on the following address: Stan Hendrickx, Sint-Jansstraat 44, B-3118 Werchter, Belgium.
